# **SITE RULES**

A health and safety induction is required for all contractors and also for visitors who are not under the full time escort of an AV Dawson colleague.

You must register on and off site by reporting to security or the responsible AV Dawson manager, and where necessary obtain a permit to work. You will be issued with a visitor pass which must be worn at all times.

The minimum PPE on AV Dawson sites is, hard hat, safety footwear, high visibility vest or jacket. In addition where indicated you will require safety glasses and ear defenders.

Drivers must observe a strict 10mph speed limit. Never stop on or near railway lines, and be aware of rail traffic and mobile plant which have priority at all times.

Keep clear of quayside operations, use dedicated site roads only. If in doubt ask. Hazard warning lights or beacons should be used where advised. Park only in designated areas. All vehicles are on site at the owner's risk. The Company accepts no responsibility for loss, theft, or damage.

Pedestrians, only access areas necessary for your visit and always stay with your escort if provided. Be alert to potential slip and trip hazards. Always use designated footpaths or pedestrian routes where available. Be seen at all times by wearing the mandatory high visibility clothing. Never walk near or under a suspended load.

Familiarise yourself with the Emergency Procedures displayed on area notice boards, if in doubt ask an AV Dawson colleague.

No Smoking is permitted in any buildings or in any outside area where no smoking signs are displayed.

# **HOW TO GET HERE**
